

HOPE TO THE HOPELESS GIRLS PROJECT CLOSURE

Our gratitude goes to almighty God for his unconditional grace he always grants to his people.

It has been a wonderful experience to work alongside with discriminated, abandoned and humiliated girls in our community for a one year. We recruited 74 hopeless girls, most of them had no future and viewed life meaninglessly.

skills was our main agenda.

Having determined to help them, we developed different programs to engage them.

Program like counseling, mentorship, Bible study and prayer was purposefully to build them psychologically and get them back to their normal life.

Equipping them with different skills was our main agenda.

We are so thankful that now girls are shining, their life has got meaning and everyone is able to reclaim her likely lost hope. We celebrate your partnership and you're giving toward this project of Hope to the Hopeless girls.

Graduation ceremony.

What we are proud of, is to see that the girls are well equipped in respective skills of their choices. Those who took tailoring skills they can make wonderful clothes even others have started to earn income.

Computer skills

Those who took computer skills can demonstrate higher capacity and we are proud to see some of them have taken to different stationaries around here town, and are earning money

Tailoring skills

Entrepreneurship skills they have undergone are helping them to acquire daily needs. All these gives us courage to move forward and remain focused in helping marginalized girls.
